

## Bentley St Paul's C of E Primary School

### PE and Sports Premium 2015/16

At Bentley St Paul's we are committed to promoting a love of sport and healthy living. We encourage all children to take part regardless of age and ability and, through high quality coaching, ensure that all children are able to develop and improve their skills in many different sports. We encourage the children to try different sports and through the careful introduction of competitiveness develop their understanding of sportsmanship.

We enable all our pupils to be engaged in physical activity for a minimum of two hours per week, we do this through PE lessons and have recently introduced the Daily Mile to all year groups to promote physical activity on a daily basis. The children are encouraged to be active at lunchtimes and playtimes supported by the purchase of equipment and to join the large number of afterschool and lunchtime clubs.

From September 2013, the government began providing additional funding, totaling the amount of £150 million (per annum) for Physical Education (PE) and Sport. This is called The PE and Sports Premium. The PE and Sport Premium is designed to help primary schools improve the quality of the PE and sport activities they offer their pupils.

This funding, provided jointly by the Departments for Education, Health and Culture, Media and Sport, is allocated to primary school headteachers. It is ring-fenced and therefore can only be spent on provision of PE and sport in schools.

Funding for schools is calculated by reference to the number of primary-aged pupils (between the ages of 5 and 11), as recorded in the annual schools census in January.

As a school we have effectively used this funding to develop and enhance our Sports provision.

In the academic Year 2015/16 we received: £8,897

Number of Pupils on Roll and Sports Premium Grant (SPG) received	
Total Number of Pupils on roll	207
Total amount of SPG received	£8,897

Sports Premium at Bentley has been effectively used in the following ways:

- Extending the sports coach provision to include working with Children and Staff in EYFS and Key Stage 1. (continuous Professional Development)
- To improve the accessibility we have to swimming lessons by training our own staff to teach swimming to the children.
- To ensure our children are able to attend Inter-school sporting events within the local and wider area.
- Providing additional coach led Sports clubs in a variety of sports for children in both Key Stage 1 and 2.
- To purchase new and improved equipment for PE and Sports for lessons and to improve active play across the school.
- To assist funding of the minibus to transport children to and from sporting events.

Aspect	Nature of Support	Approximate costings
Continuing Professional Development	<p>Physical Education Support for Teachers: EYFS and Key Stage 1 teachers receive training from the school sports coach for one of their sessions each week. Teachers are encouraged to team teach and participate in the lesson to support their confidence in teaching.</p> <p>Our two sports coaches were trained as swimming teachers enabling them to deliver the swimming curriculum to the children at the school. Their license fees and lifeguard training are also paid for out of the funding.</p>	<p>£1000</p> <p>£500</p>
Participation in competitive sport	<p>To ensure that our children across the school are able to participate in competitive sports with other schools for the local area and beyond we ensure our coach is available to take organize the teams, kit and resources as well as being able to take them to the events. This ensures that as many children as possible have the opportunity to participate.</p> <p>Our school minibus is used to transport children to and from sporting events. This enables all children to attend and make sure that there is not a cost implication which may restrict access for some children – we part fund the minibus through sports premium.</p>	£500
Out of hours clubs	<p>Infant Sports Club</p> <p>Year 1 boys and girls football</p> <p>Year 2 boys and girls football</p>	£5000

	<p>Year 2 – 3 boys and girls rugby  Years 1 and 2 dodgeball  All these clubs are well attended, children learn the skills required to play the sports and are encouraged to apply these skills in games at the end of sessions.  Where available tournaments are attended to introduce the children to a level of competition.  Juniors Sports Clubs  Years 3-6 Cross Country  Years 4-6 Rugby  Years 4-6 Netball  Years 3-6 boys football  Years 3-6 girls football  Years 4-6 Dance  Year 6 Hockey  Years 3-6 Dodgeball  Again these clubs are all well attended and offer children a diverse range of sports to explore and develop skills in.  Competitive tournaments take place where available and children are encouraged to participate in these.</p>	
Active Play	<p>Increase participation in physical activity outside of curriculum time through the purchase equipment for play-times and lunchtimes.   To provide training for MDAs on supporting the children in being more active at lunchtimes.</p>	£300
PE equipment	<p>To ensure appropriate equipment is available for PE lessons (including swimming) and after school clubs. Replenish broken and old equipment.</p>	£500
Minibus funding	<p>Supporting payments for diesel and general upkeep as minibus is used weekly to transport children to sporting events. We have been able to increase our participation of inter-school events through the use of the school minibus.</p>	£1000

### **The Impact of Sports Premium 2015/6**

The continued funding for the development of Sports has been extremely beneficial to physical activity at Bentley. Through this funding we have been able to maintain and develop our input into PE both within curriculum time and through after-school clubs.

The children have directly benefitted from all that we have done; quality CPD from our PE coaches continues to develop teaching staff confidence and ensures that the PE curriculum is fully covered and children's skills are developed.

Having two trained Swimming Teachers on the staff has benefitted us greatly. The children receive swimming lessons in small groups from staff who know them well. The success rate of our pupils has increased and across upper key stage 2 we have only a handful of children who are yet to confidently swim 25 metres. These children receive annual top up tuition to support this.

Again this year our sports teams were able to attend a large number of local and regional events. Our year 5/6 football team made the regional finals and played at Chelsea Football Club's training ground finishing 6<sup>th</sup> in the region. Children from year 1 upwards have attended different sporting events held at local sports grounds and secondary schools and achievements were high. These have included rugby tournaments, football tournaments, district sports, netball, hockey, basketball and dodgeball.

Intra-house sports events have increased within the school to include the infants. The intra-house events give the children opportunities to develop their skills and sportsmanship and helps build team spirit in the school.

Overall the Sports funding at Bentley has enabled us to engage more children in different forms of physical activity and made it possible for children to attend different sporting events. The health and wellbeing of our pupils has improved as a result.

#### **PE and Sports Premium 2016/17**

Sports Premium at Bentley will continue to be effectively used to build on the successes of the last four years. We will continue to provide quality CPD for staff members and ensure that the quality of the teaching of PE is at least good and that the children are encouraged to participate. We will continue to develop our after school clubs and our active time activities. Throughout the next academic year we will also continue to explore new and exciting ways to engage our children and keep them active.
